

**REMARKS/ARGUMENTS**

Reconsideration of this application is requested. Claims 5-15 will be pending in the application subsequent to entry of this Amendment.

In the Official Action the examiner has indicated that claims 6-8 and 11-15 are objected to for depending from a rejected claim while claims 9 and 10 are allowable over the art of record. Claims 1, 2 and 5 are rejected as anticipated by the cited prior art according to items 2 and 3 of the Official Action.

In item 4 of the Official Action the examiner has kindly suggested amendments to claim 6 that would place it in condition for allowance, namely to incorporate the subject matter of claims 1 and 2 into claim 6.

In this Amendment claims 1-4 have been deleted and claim 6 amended according to the examiner's comments. Claim 5 is revised to be a method claim and to depend from claim 6.

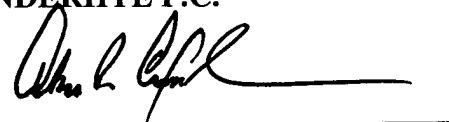

It is submitted that amended claim 6, and the claims directly or indirectly dependent from it, are in condition for allowance. If for any reason this is not the case, the examiner is encouraged to contact the undersigned.

Reconsideration, entry of this Amendment and allowance are solicited.

Respectfully submitted,

**NIXON & VANDERHYE P.C.**
